

Ross A. Lurgio School Volunteer Program 2009 - 2010

The Ross A. Lurgio School Volunteer Program is gearing up for a fantastic year for students, teachers and parents. A volunteer can be a parent who wants to be part of their child’s education, a former teacher who would like to stay involved in the field of education, a retired person who wants to contribute their valuable time to the community, or any other community member who feels so inclined to participate in the development of our future citizens.

There are many opportunities for volunteers at Ross A. Lurgio School – to be in the school during class time, a direct help to the teacher, to assist with after-school programs or to work on special projects. Give us your name and some information about how you would like to help, and we will do our best to place you in a satisfying volunteer position.

I would like to volunteer for:
